	Continue page - Sun Print & Packers																						Though the bidder has submitted bid for one machine 578 mm Web offset at page-17) only, he has submitted land layout for Rai Jai Krishna Road, Gurhatta, Patna-8 (page-27) and sultanpur, hajipur (page-28). He has also produced two Rent Agreement papers. However the committee is unable to establish the exact location/premises of the installed press for which the bidder has applied for. However as per records available in the Bihar State Textbook Publishing Corpn. Ltd (BSTBPC)office (since he is already a registered printer), the said machine is at Sultanpur, Hajipur. At page No. 45, there is a bill of 60 KVA DG set for Sun Print & Packer, Rai Jai Krishna Road, Gurhatta, Patnacity. But as seen above, the machine is supposed to be at Hajipur. Thus there is infirmity that the DG set is for Patnacity and the printing unit is at Hajipur. No direct energy supply system / source has been made out in the bid. Even the DG set is not dedicated for Hajipur Unit. Even the electric bill at page No. 46 is for Patnacity. Therefore cannot be considered as technically qualified. Hence rejected.

The committee finds a "loose sheet of commitment letter" dated 29.08.2014 under the letter head of Jan Kalyan Press, Naya tola, Patna addressed to MD/BSTBPC (signature: not clear) indicating its readiness for cover printing for Veer Bundelkhand. This readiness paper has neither been addressed to Veer Bundelkhand, not acknowledged by Veer Bundelkhand by signing or stamping or by even putting page number of the bid documents. Therefore this cannot be treated as "commitment" by the tenderer. Thus the commitment letter for cover printing is null and void. Therefore the committee finds it as inconclusive. Hence cannot be accepted.
